PROFILE

I'm a passionate and highly skilled web designer and front-end developer, with expertise in UI/UX design, front-end frameworks, and web performance optimization. I excel at crafting beautiful and engaging digital experiences, and thrive on finding creative solutions to complex challenges.

EXPERIENCE

FRONT END DEVELOPER

RealtyView, Inc

March 2023 - May 05 2023

- Collaborating with the design team to ensure that all Figma designs were accurately and efficiently converted into a fully-functional landing page.
- Creating and implementing responsive design features to ensure that the landing page was optimized for use on all devices and platforms.
- Developed the front end of the CMS dashboard of the company's web application.

BACK END DEVELOPER (USING FLUTTER AND LARAVEL)

Baguio LGU (City Government)

June 2021 - August 2021

- Database management
- Developed a QR scanner feature for the application used for registration.
- Developed a geo map location for the application used to pinpoint the business location of each user. Used the Google map API to display the map in both mobile and web application.
- Developed the application using Flutter for both platforms (mobile and web) and used Laravel API

IT ASSISTANT

DWCM Aksyon Radyo Pangasinan

March 2018 - April - 2018

- Assisted producers and on-air talent to run a smooth show.
- Assisted in control of broadcasting programs.
- Assisted in troubleshooting and fix problems with broadcasting
- programs.
